

## **2504 Cadets Enjoyed RAFA Concert!**

Seven cadets from 2504 squadron were helping out at the Royal Air Forces Association (RAFA) concert on the 08<sup>th</sup> September 2012, by doing a guard of honour for the mayor of Solihull who was invited by the RAFA as a guest of honour. The RAFA also invited our own Wing Commander Stuart Iles RAFVR (T) as another Guest of honour, and a few others from other areas.

Cadets from 2504 squadron really enjoyed themselves as they had a free opportunity to listen to the soothing music of the RAFA Concert Band. They played various songs like the National Anthem, From Russia with Love, Irish party in third class and the all time classic the dam busters. During the break the cadets had the opportunity to go and visit the band and also meet with the guests of honour, during this opportunity the cadets spoke with the mayor of Solihull and were able to have a picture with him!

Our seven cadets from 2504 squadron would like to thank the RAFA for giving them the opportunity to help at this fundraising event and for the experiences given to us all.
